"iToys" APP Download and Installation

1. Download:

- For iOS users, visit the App Store and search for "iToys."
- For Android users, go to Google Play Store and search for "iToys."
- Alternatively, you can scan the QR code provided below to directly access the download.

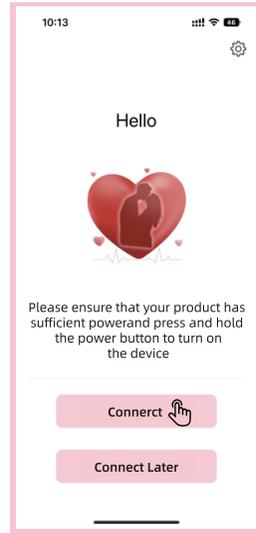

Installation:

- Once downloaded, tap the "Install" button to start the installation process.
- After installation, open the app and follow the on-screen instructions to complete the setup and connect your device.

Note: Ensure your device is connected to the internet for a smooth download and installation process.

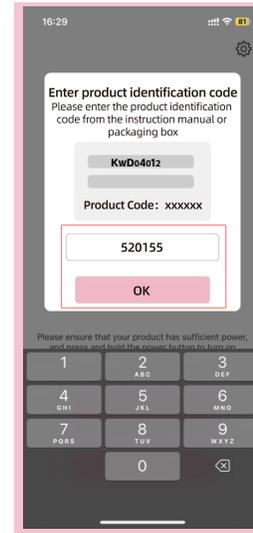

2. Please open the APP and then select "Agree" to the terms of service and privacy policy. Grant the necessary Bluetooth and location permissions. You will see two options: "Connected" and "Connect Later" (as shown in Figure 1).

1

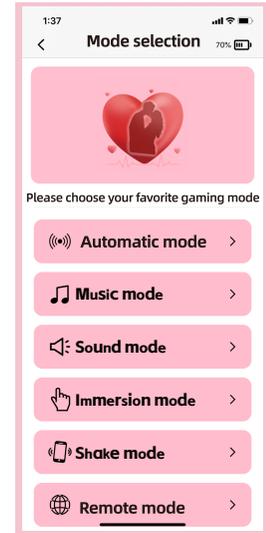

3. **Local Mode:** This mode allows you to control the toy locally through the APP. Select "Connected" and enter the product invitation code "520155" to connect the toy. (as shown in Figure 2).

Please Note: Ensure that your phone's Bluetooth is enabled, the product has sufficient battery power, and the device is turned on.

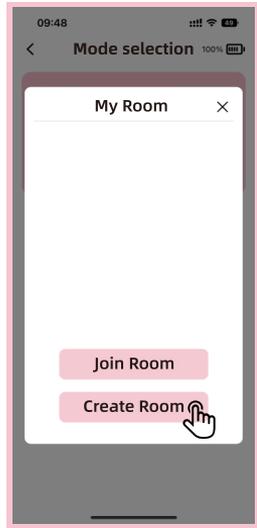

2

4. Once the device is successfully connected, the app will enter the control page (as shown in Figure 3). You will see six control modes: Auto Mode, Music Mode, Sound Mode, Touch Mode, Shake Mode, and Remote Mode. You can switch between different modes by clicking.

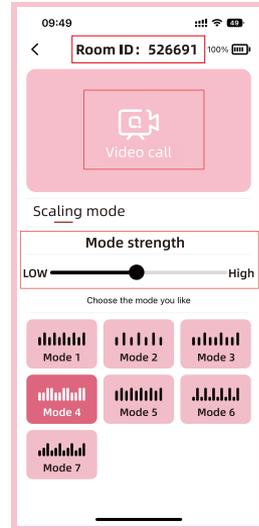

3

5. Remote mode(as shown in Figure 4): The Remote Mode allows users to interact with the device from a distance; only one party needs to have the device to use this feature. If both the local user and the remote user have devices, they can control each other's devices interactively.

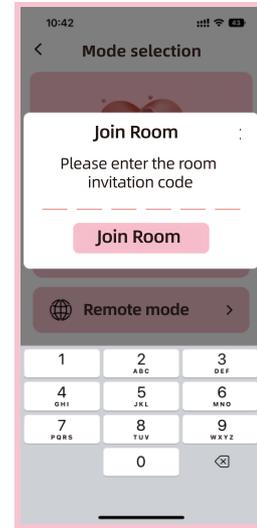

4

Creator: You can create a room and share the room number with your partner(as shown in Figure 5). This mode supports video call, so no matter how far away you are, you will always be accompanied by your partner in the intimate moments.

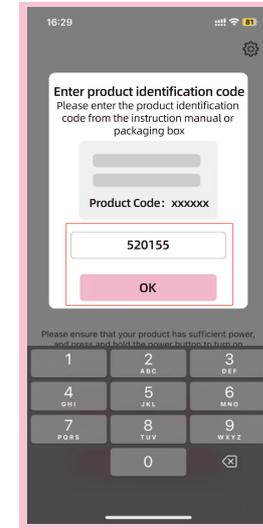

5

Receiver: When your partner is not around, please guide your partner to download and connect the "iToys" APP according to the above steps. Then select "Join Room" and input the room number to join the room number you created in advance(as shown in Figure 6).

6

6.To replace the device .Click "Settings" in the upper right corner to enter the more information interface, click "Change Product Code" enter the identification code of the product you want to replace (as shown in Pic. 7), and click "Confirm" to replace the product.
